## SHERIFF CONLEE CAPTURES CONVICT

Refused to Halt When Told to Do So  
and Had to be Stopped  
by Bullet.

Sheriff Jno. D. Conlee captured an escaped convict south of town at the old powder magazine last night and in doing so was forced to shoot him.

He was informed by phone yesterday morning that a negro convict had escaped from the W. L. Steele plantation near Allenfarm, and in the afternoon went down in the Wellborn country to hunt for him. Later he was phoned that a son of Mr. J. J. Jones who lived just south of College, had seen the convict over on the I. & G. N. at the section south of College.

Surmising that he would come this way, the officers went out south of the city last night to try to intercept him. Constable Baker and Deputy Sheriff Goodwin were stationed at the fish pond dam on the I. & G. N. and Sheriff Conlee and his son Will, stopped at the powder magazine on the H. & T. C. They had not long to wait when a man was heard coming walking rapidly up the track. Mr. Conlee

waited until he was right at him, when he rose up out of the tall grass and commanded him to halt. Instead of doing so he broke to run, and though repeatedly told to stop, kept running and the sheriff was forced to fire.

At the crack of the pistol the negro fell and Mr. Conlee hastened to him and found that he was seriously wounded. The ball entered in the lower back and ranged around coming out in the front and to the side. He was brought to town at once and placed in jail where he was attended by Dr. W. H. Oliver, who believes that his wound, while serious, is not necessarily fatal. The negro was getting along well today and ate heartily.

His name is Will Connelly and he was sent up from Dallas county and is serving a two-year sentence for horse theft.

Sergeant Frank Loftin from the Steele farm came up today and carried the negro back to the convict camp via the I. & G. N. this afternoon.

#### MARRIED IN JAPAN.

A Former Bryan Young Lady Travels Far to Wed Man of Her Choice.

A cablegram was received yesterday announcing the marriage in Kobe, Japan, of Miss Aubra Tabor of this city to J. C. Shaw. The bride was attended by Mrs. E. W. Hutchinson as matron of honor and Mrs. John Q. Tabor, her mother, was also present. Mr. and Mrs. Shaw will reside in Kobe, where Mr. Shaw holds an important government position. A certain amount of romance attaches to the wedding since Miss Tabor took the long journey to the Flowery Kingdom to meet her betrothed.—Houston Post.

The bride is the only daughter of Capt. and Mrs. John Q. Tabor of Houston, formerly of this city. Bryan was the home of her birth, and here she grew to a charming girlhood before the removal of the family to Houston. By her sweet, gentle nature and gracious manner, she won the hearts of all, and never was a girl more dearly beloved by the people of her old home, than was this fair young bride by the people of Bryan. They regret that she is so far removed from them, but wish her every joy and happiness in her far away oriental home.

#### RAILROADS FIGHT TAXATION.

Special to the Eagle.

Guthrie, Okla., July 20.—In the Federal district court here today, before Judges Campbell and Cotterell sitting jointly, the hearing of arguments was begun on the application made by railroad companies doing business in Oklahoma for an injunction to prevent the collection of taxes for the last half of 1908. The action is against the officials of every county through which the roads operate and involves between \$700,000 and \$800,000 in State taxes.

#### THOUGHT DEAD DOG WAS BABY.

Quite an excitement was caused this morning by the discovery of what was thought to be a dead child in a sack near the railroad track out near the residence of Mr. Rely Knowles. It was seen by several colored people but through superstition they were afraid to examine it. Finally Mr. Knowles was notified and went out and examined it and found it to be a dead dog tied up in a sack. Just how it came there, or what was the object in placing a dead dog in a sack is yet unexplained.

#### EXHIBITS COMING IN.

Mr. G. W. Graham of Harvey, was in the city today with some corn for the Farmers' Union Exhibit. He brought in twelve ears and cut the stalk leaving them attached to show how they grew on the stalk. The ears are very large and some stalks had as many as three well developed ears on them. Mr. Graham says he will make plenty of corn, but his cotton is sorry and will not make more than a bale to ten acres.

### SENSATIONAL SLUMP IN COTTON

Closed 35 Lower than Saturday and 110 Below High Point Last Tuesday.

Special to the Eagle.

New York, July 20.—There was another sensational break in the cotton market yesterday with cotton for December delivery closing at 11.7, or 35 points below the final quotations of Saturday and 110 points or \$5.50 a bale below the high record of last Tuesday.

Liquidation continued very heavy and the local bear clique was very aggressive in the late trade on reports of rain in the Southwest.

The greatest weakness was in the last half hour and during this time December broke from 11:39 to 11:77. The close was very easy and at the lowest point of the day, a net decline of 25 to 26 points.
